Are you keen on playing a classic slot machine with unbelievable odds? Then Raging Forties™, our handsome 4-0, is the right game for you! In the style of the old one-arm bandits, colourful fruits spin on the reels and promise huge winnings with no less than 40 paylines!

Main Game

The aim of Raging Forties™ is to land the same symbol on all 5 reels. In the normal game, winning combinations run across the paylines from left to right. To land a win, a complete winning combination must occupy a payline, without any other symbols coming between the winning symbols. The Wild symbol acts as a Joker and replaces all symbols, apart from the Scatter symbol ('Star').

Rules

- Wild substitutes for all symbols except scattered 'Star'.
- All pays are for wins of left to right, except Scatters, which pay any.
- All prizes are on selected lines, excluding Scatters.
- Highest win only paid per selected line.
- Line wins are multiplied by credits bet per line.
- Scatter prizes are multiplied by total bet.
- Scatter wins are added to line wins.
